

**TENNANTS**  
DISTRIBUTION LTD

## Resins & Speciality Chemicals Division

***Delivering every element***

[www.tennantsdistribution.com](http://www.tennantsdistribution.com)

Is proud to represent the following companies in the UK and Ireland. For more information and Technical Assistance, please do not hesitate to contact us.

**Chemicals**

**Solvents**

**Water Treatment**

**Surfactants**

**Personal Care**

**Resins & Specialities**

**Biocides**

**Oleochemicals**

**Food & Feed Additives**

**Pharmaceutical**

**AdBlue®**

**allnex is a leading producer of liquid coating resins and additives (LRA), performance resins & crosslinking resins.**

**Solvent-borne and Water-borne resins and additives:** Alkyds, Acrylics, Epoxies, HPO's, Sag Control Additives, Saturated Polyesters, Non Isocyanate systems, Polyamide, Unsaturated Polyesters, Polyesters, PUDs Hybrids, CED & AED.

**Trade names:** Beckocure, Beckopox, Daotan, Duroftal, Duroxyn, Macrynal, Resydrol, Roskydal, Setal, Setalux, Setaqua, Setathane, Tungophen, Viacryl, Vialkyd, Viapal

**Additives:** Pigment dispersants, Flow & Levelling agents, Driers, Defoamers, Anti adhesion, Catalysts.

**Trade Names:** Additol, Cycat, Modaflow, Multiflow

**Cross Linkers:** Acid Catalysts, Acrylamide, Aminos, Cyclized rubber, Phenolics & Phenolic Novolacs.

**Trade Names:** Alnovol, Alpex, Cycat, Cymel, Cyrez, Phenodur, Setamine

**Concentrol®**  
Chemical Solutions

**Concentrol is a family-owned chemical company, divided into four key divisions: Performance Materials, Food Processing Aids, Additives and Adhesives. With 200 products within their portfolio, providing solutions for your additive needs in a wide range of applications including coatings, inks, adhesives, textiles, water treatment, construction.**

Concentrol also offer a range of release agents and lubricants for wood, both stabilisers and release agents for PU foam. Polymeric dispersions of acrylic resin, PVA, EVA, SBR, NBR, natural latex, polychloroprene and aqueous polyurethane dispersions.

Antifoams, Defoamers, Silicone & Wax Emulsions, Wetting Agents & Surfactants, Mineral Oil Emulsions, Waxes. Hot Melt Adhesives.

**Trade Names:** Concentrol®, Emultrol®, and Ordisol®

**ICAP SIRA founded in 1945, Icap Sira is a family-owned company who are committed to the production, development, and commercialisation of a wide range of speciality polymers for the coating, packaging and inks, textiles, and nonwovens business sectors.**

Their chemistry covers water based acrylics, styrene acrylics, vinylic copolymers and PU dispersions, bio-based acrylics, bio-based styrene acrylics and bio based PU's, thickeners and cross-linkers. Icap Sira also offer solvent based PU's for the textile industry. Icap Sira offer a product development service to develop bespoke products to meet the customer's needs.

**Trade names:** *Acrilem®*, *Acris®*, *Acrythane®*, *Cleancap®*, *Icafinish®*, *Icaflex®*, *Icaplink®*, *Icapsil®*, *Icapore®*, *Icatak®*, *Icawet®*, *Idrocap®*, *Idrocril®* *Idropur®* and *Ireos®*

**Mitsubishi Chemical Group - Formerly known as Lucite International, Mitsubishi Chemical Group have many decades of experience in the acrylics industry. They are a leading manufacturer of a wide range of solid bead acrylics and acrylic solutions, for a number of specialist applications.**

**Key Divisions:** Dental, Medical, Porous Moulds, Coatings, Inks, Adhesives, Glass Interleavants, Castings and Embedments. UV Reactive Bead Acrylic.

Solution Acrylics for coatings, conformal coatings and pressure sensitive adhesives.

**Trade names:** *Colacryl™*, *Elvacite™*, *Lucite™*

**SIR Industriale SPA are a family owned company based in Italy and have been manufacturing since 1965.**

Featuring their solvent-based, solvent-free and solid epoxy resin ranges. SIR are known to be one of the few producers using the two different types of manufacturing methods of either the taffy and advancement/fusion process to make their epoxy resins.

**Trade names:** *Eposir*, *Eponac*

**Synthite offer Formaldehyde in aqueous solutions and also Paraformaldehyde in prill, or powder forms, servicing various applications as Resins, Biocides, Preservatives, Agrochemicals and Chemical Intermediates**

**Vinavil, part of the Mapei Group, are a leading company in the Italian chemical industry and have been established for over a century. They offer a complete range of polyvinyl acetate, vinyl veova and vinyl acetate ethylene copolymer emulsions, vinyl acrylic, styrene acrylic, pure acrylics, nanotechnology based products and fully formulated adhesives for various industries.**

Polyvinyl Acetate, Vinyl Acetate, Acrylics, VeoVa and Vinyl Acetate/Ethylene Copolymer for Coatings and Adhesives, Pressure Sensitive Adhesives (PSA), Redispersible Powders for cement modification and tile adhesives.

**Trade names:** : *Vinavil®*, *Vinavil EVA®*, *Crilat®*, *Ravemul®*, *Raviflex®*, *Vinaflex®* and *Vinapur®*

**VINK - Bactericides, Fungicides and Algacides for finished film and in can protection of liquid coatings, inks & powder coatings. Hygienic coatings.**

**Trade names:** *Grotan*, *Grotanol*, *Parmetol*, *Promex*, *Vinkocide*

**X-Rite - Introducing a new collaboration with Tennants and the Global Leader in Colour Measurement technology, X-Rite Pantone.**

Headquartered in Grand Rapids, Michigan, X-Rite Pantone has operations across the world providing Colour Management, Services and Software. Experts in blending the art and science of colour, they focus on providing complete end-to-end colour solutions for their clients in every industry where colour matters. They are uniquely placed to service the UK market with onsite support from their experienced technicians, sales and applications teams or through their recently expanded service centre in Manchester.
