

Tennants Distribution acquires Apliclor Water Solutions S.A., a leading Spanish supplier of chemicals and technical services to water treatment industry.

Leading independent UK chemical distributor Tennants have acquired Apliclor Water Solutions, a market leader in the supply of chemicals to the water treatment sector in Spain and the go-to supplier for technical services relating to filtration and reagent dosing.

Founded in 1911 and employing more than 100 people, Apliclor operates over 30,000m² of fully owned modern distribution facilities which include extensive bulk chemical storage, blending, formulation, packaging and warehousing, complemented by in-house ADR certified vehicles capable of delivering packages and bulk liquids. The business has a dedicated factory for the turnkey design, assembly and installation of water treatment equipment, with full maintenance and service support from a team of field engineers.

Tim Griffiths, Managing Director of Tennants Distribution commented “Apliclor’s focus on people and customer service, along with core principals of safety, quality and efficiency are values that we recognise and share. This move expands our European distribution capability and brings valued technical expertise and services to our water treatment business. We welcome Apliclor to the Tennant Group and look forward to working with the existing team to build on the successful business that they have created.”

Carlos Santodomingo, Managing Director of Apliclor remarked “Joining Tennants represents a very positive step for Apliclor and for everyone connected to the business. Tennants shares our long-term vision, our focus on people and our commitment to safety, quality and customer service. Being part of a larger international group will allow us to strengthen our technical capabilities, invest further in our operations and offer an even broader range of solutions to our customers, while preserving the culture and values that have defined Apliclor for decades.”

Both companies would like to thank their teams of professional advisors; Broseta Abogados SLP and Ernst Young LLP acting on behalf of Tennants, with J&A Garrigues SLP and ONEToONE acting on behalf of Apliclor.
